**Bring it Home / Introduction:** This Week Pastor Pete will introduce you to a fundamental study in the doctrines of creation, and revelation. These two misunderstood doctrines are the very foundations of our faith and understanding of God and how things are supposed to work. If we get these two doctrines out of their proper Biblical and God centered alignment the fallout will have incalculable consequences. Psalm 19: written by the Psalmist David, speaks to the Creator and the Revelator. Creation clearly proclaims a Creator just as the revelation of the Biblical account and record clearly points to a Savior and an all sufficient sovereign God. The church in America has lost its moorings in large part because of the lost, forsaken and abandoned doctrines of Creation and Revelation. Bring it Home as you Listen for LIFE!
